TESTS NOT CURRENTLY ACCEPTED

Applies to Out-of-State Client Accounts

Please note: The tests listed below are **not currently accepted from out-of-state clients**. Where an equivalent or overlapping EqDx panel is available, the appropriate referral panel is identified in the right-hand column. This list is subject to change as additional assays are validated and brought in-house. Please direct any questions to Client Services prior to specimen collection or shipment.

TEST	STATUS / REASON	REFER TO
Ova & Parasites (O&P)	NOT ACCEPTED Not currently accepted from out-of-state clients.	GI Panel
Stool Culture	NOT ACCEPTED Not currently accepted from out-of-state clients.	GI Panel
H. pylori Stool antigen & breath test	NOT OFFERED Not offered by EqDx in any methodology, including stool antigen and urea breath testing.	GI Panel
Wound Culture	NOT ACCEPTED Culture-based wound testing not currently accepted from out-of-state clients.	Wound / Derm Panel
Vaginitis Panel	DISCONTINUED Discontinued until further notice. Not available for order at this time.	STI Panel
Fungal Infection Panel	DISCONTINUED Discontinued until further notice. The Wound / Derm Panel captures the majority of analytes previously reported on the Fungal Panel.	Wound / Derm Panel
Pap Smear	NOT OFFERED Cytology services are not offered by EqDx.	—
p-Tau (pTau217)	PENDING IN-HOUSE Not offered until validated in-house. Send-out reference costs are prohibitive at this time. Clients will be notified upon in-house go-live.	Available upon in-house go-live
ESR Erythrocyte Sedimentation Rate	STABILITY LIMITED Out-of-state specimens not accepted. Whole-blood stability is limited to 24 hours from collection . Out-of-state transit times cannot reliably meet this window, and specimens received outside of stability are not reportable.	—
Ceruloplasmin	NOT OFFERED Not offered by EqDx.	—

Questions or need a referral recommendation? Contact EqDx Client Services at **210-903-0551** or **cservice@equdx.com** before collecting or shipping a specimen. Specimens received for tests listed above may be rejected and will not be reported.
